

## THE FUTURE OF NACO

Two Million Dollars of Improvements Contemplated.

That Will Insure an Era of Prosperity for the Border Town. Other News.

From information obtained from a reliable source, it has been learned that improvements to the extent of two million dollars are to be made in Naco. It is said that the Green Consolidated Mining Company has formed a combination with eastern capitalists, and that work on their Sonora mines will begin in earnest within a short time. It is the intention to build a railroad from Naco to the mines, and all ore extracted by the company will be hauled by rail to Naco and treated. A smelter equal in size to the El Paso smelter will be constructed at the border town. It is estimated that it will require at least 500 men to properly handle the ore at the smelter. If this report is true it means that our border town has a bright future in store, and no town in Arizona is more deserving of prosperity.

Railroad construction work at Don Luis has not disheartened Nacoites in the least, and on all sides the evidence of enterprise is quite apparent.

E. J. O'Reilly, the "mayor of Naco," will leave for Tucson on a business trip Saturday.

The Mexican custom house officials arrived from Morita Wednesday and are temporarily domiciled at the popular hostelry of mine host Abrams.

The most beautiful residence in Naco is the building recently constructed by Joe O'Reilly. It has an admirable location and adds much to the beauty of the town.

Al Howe was a visitor in Naco Thursday.

Paul Hall was in town Wednesday. A party of six were sightseeing on the Mexican side Thursday.

B. Goldman, the general merchandise man, is doing a rushing business. Several carloads of freight were unloaded by the Copper Queen people yesterday.

An impromptu dance was had here Wednesday evening. The affair was enjoyed by all. Naco is noted for its entertaining qualities and scarcely a week goes by without a social event or two.

YELAH.

### LOCAL BRIEFS.

H. K. Street is among the guests who are staying at the Norton Hotel.

John G. Williams left today for the Corona mine after a business visit in this city.

D. W. Woolbridge, of San Francisco, arrived yesterday and registered at the Norton House.

Charles Clawson returned last Wednesday night from Tombstone by the late special.

Dr. Murieta, of Nacosari, who was at the Norton House several days, left yesterday for the east.

H. Rambo returned yesterday from Nogales, where he has been on a visit. He says Nogales is prosperous.

C. L. Beckwith was among the number who arrived on the late special. He came in from Tombstone.

J. W. Moodie, a Nacosari man, went out yesterday on his way east, where he goes on a visit of some duration.

Walter Douglas returned from Tombstone, where he had been on business, Wednesday evening by the special.

The roof is being put on Otto Geisenhuter's boarding house. E. O. Ord & Co. are preparing to put the cornice in.

WANTED TO RENT—A house containing 3 or 4 rooms. Towards the smelter preferred. Apply to Box 559.

E. Barge of San Francisco, who has been in town the last two days, was a passenger on the outgoing train today.

H. C. Pebbles, who is the representative of the Howe-Brown Steel company of Pittsburg, who arrived yesterday, transacted his firm's business and left today for points on the S. P.

Quite heavy rains fell here last night. Lots more, however, is necessary before much benefit is derived therefrom. Between Don Luis and Naco last evening heavy storms are reported.

Engine No. 4 is being put together again after being thoroughly renovated throughout. A new fire box has been supplied and the machinery cleaned and repaired. No. 4 will now be equal to new.

The traveling men who have been in this town lately are all most emphatic in declaring that Naco is the best business town in this portion of the territory, and equal to many towns of larger population and greater pretensions.

The first train will be run today to the Spray shaft on the new line, which is now complete and ready for use. It is stated to be an example of engineering skill, and presented difficulties in the building that have been most successfully overcome.

T. E. Hunt, the commercial agent of the Southern Pacific and Arizona & New Mexico and Texas, whose division extends east of Yuma and forty miles the other side of El Paso, came in town

last evening and put up at the Bessemer. After giving his attention to matters of business in town he left today for eastern points.

Victor Bloom, of the Big New York dry goods house of Bloom & Sons, arrived yesterday and left again this morning.

Bob Spaulding, who has been running the company's delivery wagon, left on this morning's train for a vacation. He goes east.

Max Kohn, of Neustadter Brothers of San Francisco, has been a guest at the Bessemer for the last two days and departed this morning for Nogales.

"Verde" Green died in Tucson the other day. He has worked at the Congress Hall for years. He was well liked and well known in this district.

LOST—A check for \$69.50, Mexican money, in favor of Juan Dallias, payable at Sandoval & Co.'s, Nogales. Reward. Return to C. E. Tyler, Bisbee.

Charles Overlock came in from the San Bernardino ranch yesterday. He had inspected a lot of cattle and bought a bunch of good stock for his business.

The wet season is now on and you need gutters on your buildings. Go to E. G. Ord Co. Gutters made in any style. Tombstone avenue, next to the brewery.

The new railroads frame for the Spray shaft is now complete and it is intended to haul up the engine and power house today or tomorrow. They will be put up right away.

At the opening of the new custom house at Naco last Monday evening, the general inspector, cashier and other officers attached to that department gave a dance which was well attended by the town people and leading Mexican citizens. The affair was voted an immense success. Dancing was indulged in until 7 a. m.

The regular train last evening did not bring the western mail. It was on time and did not wait for the S. P. train. However, on the arrival of the through train a special was put on and the mail from the west was run into Bisbee a couple of hours later, thus saving the people who expected mail from points west from disappointment.

The Knights of Pythias, so it is said, were performing their mysterious rites at their hall last evening, when unexpectedly several ladies came in, who were members of the church choir, with the intention of practicing. The door was not locked and the famous goat was on the floor, while aytal forms stood around. There are some married ladies in this town now who know all about that order at last, and who's husbands look positively crestfallen when reminded of last night's incident.

### The Wigwam.

All persons desiring to take advantage of our unique 2 dozen photos for 50 cents should come at once, as no sittings will be made later than Sunday, July 15, but we will remain in Bisbee to finish all work, and to conclude our views. We have the following for sale at bargains:

One 12 x 19 tent.  
One 12 x 14 tent.  
One 12 x 24 tent.  
3 back grounds, cheap, for amateurs.  
250 feet lumber, good as new.  
1 heating stove.

### Grand Canyon Railroad.

The business men of Williams will lose over \$50,000 on the insolvent Grand Canyon Railroad. A receiver will be appointed.

### Notice.

I, the undersigned, hereby give notice that after this date I will not be responsible for any debts contracted by my wife, Lotta Burden, in Bisbee or elsewhere. Dated the 18th day of July, 1900.

E. E. BORDEN.

### Lost on the Desert

Implies horrible thirst; but there's no need of being thirsty when you can go to the Palace Saloon and get a clear, cool drink of beer.

### Journal-Miners Wanted.

The Journal-Miner failed to save its files of papers from the recent conflagration. Subscribers having copies on hand of any date, either daily or weekly, will confer a favor by sending them to us. It is hoped that our friends will heed this request and that each one will take it as a personal request to himself, as the receipt of a number of papers of even a miscellaneous date will be of great service to the paper.—Journal-Miner.

### Four Conventions.

Pocatello, Idaho, July 20.—Idaho was on Tuesday the scene of the unusual event of four political conventions on one day. The republicans are meeting in Boise City and the democrats, populists and silver republicans in this place. Each party is holding a separate convention. The object of calling the three to meet here is to bring about a fusion for presidential electors, if not the state ticket. The leaders favor a complete fusion with but one ticket for congressional, state and legislative officers, while the rank and file are opposed to such a move. It is doubtful if the leaders will be able to carry out their plans.

## THE COPPER QUEEN STORE

SOME MARKED REDUCTIONS IN PRICES INCIDENTAL TO THE SEASON

Thus early, in the very midst of wearing and need time for you, we begin preparing our stocks for the new season, some months ahead. Very often the preparation entails a lesser profit, and in many cases no profit at all but the loss is compensated for by having stocks in condition and being free to receive the best and the choicest the new season has to offer. Some of the goods the prices of which have been affected by this preparation and getting ready are:

## Millinery

Trimmed Hats, Walking Hats, Sailors—all sorts of Summer headwear for feminine folks. Scarcely a dozen trimmed hats left, but the reduction in prices will make up for the lack of choice. Walking Hats, some for as little as fifty cents. For a dollar you may pick from the best we have.

## Shirt Waists

If the Shirt Waists were last year's styles we couldn't have paid less regard to the cost than we have in remarking these waists—all new and desirable styles.

50c 75c 85c \$1.25

You'll find every waist we have under one of these prices. The 75 and 85 ones sold for \$1.25 and \$1.50. At \$1.25 you'll find waists that sold for \$2.00, \$2.50 and upwards.

Made to Order Clothing At Less than Usual

One of the largest tailoring establishments we represent has decided to close out many lines of summer piece goods—their preparation for fall. To do this the most effectual method has been adopted—a reduction in price. The difference in price we hand over to you, and here are fifty-eight samples to select from—no styles that you wouldn't want at any price, but good, desirable clothes, and made just as carefully as though you were paying full price. The saving to you will be from two to ten dollars a suit, according to the quality you select. You had better look these fifty-eight samples over, anyway.
